God has granted the world with all sorts of people. Sometimes, the world is blessed with a person who is more genuine, more kind hearted, and more compassionate

than all the rest before. These sort of people are few and far between. We here at Assumption have been privileged enough to have been blessed with two. Doc and Bro, you are not unfamiliar faces to the Class of 2000 and you are not unfamiliar to our hearts, either. Your quality of character, integrity, enthusiasm for students, and dedication to our experiences are worth more than words could ever express. We have learned many things throughout our college career.

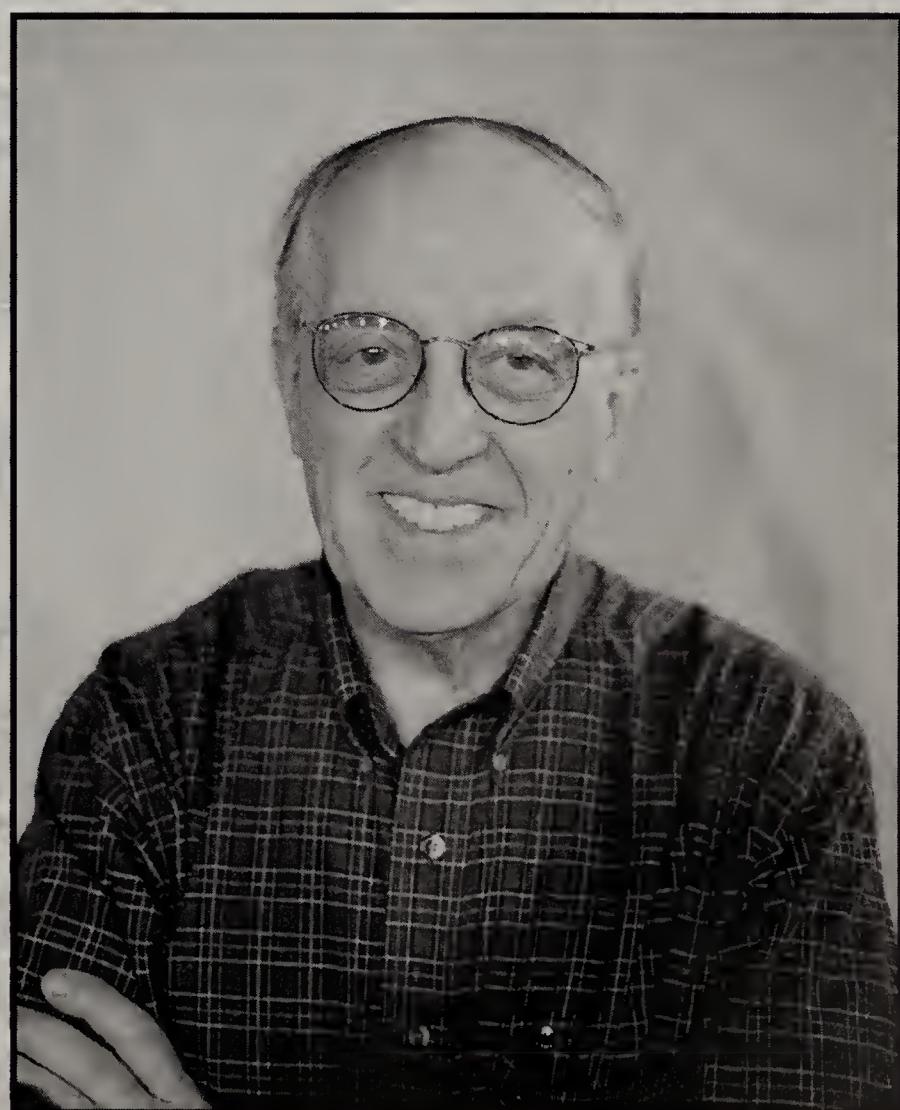

Bro- Forever will we remember the kindness that you show to the student body. You are always willing to go the extra mile for this community and to show your support. From our first introductions, in the summer of 1996, you have been a part of our class. Orientation is an important part of the college experience and you always try to make it a positive one for all students. The lunches you share in the dining hall, and the smiles you share around the campus will remain with us forever.

*“Some people come into your lives and leave quickly. Others stay a while and leave footprints on your heart and you are never, ever the same.”*

Doc- Your 33 years of service to this campus are beyond what words can say. As a professor, a director and a friend, you have made so many people learn so much about themselves. Your passion for the arts is a true example of love and dedication. The lessons you have taught so many students about hard work and following their dreams are forever a part of so many of us- for this, we thank you.

We have learned to think critically, to process numbers and read books analytically. We have learned the value of hard work, and the consequences of poor decision making. Yes, college has been filled with a lot of lessons. Books or classes could never teach us what the two of you have taught us- to love unconditionally, and strive to do our best; to give of our entire heart for the benefit of the community at large; to make people smile, because a smile lasts a long, long time in the memory of another person. The two of you have

made many of us better people by being our professor, our mentor, and our friends. From the bottom of our hearts, we thank you and dedicate this yearbook to you both.

# Football

The Assumption football team finished their season 3-7 proving to everyone that practice does payoff. With a dedicated coaching staff, talented rookies, and the incredible leadership of senior captain Mike Caira, the Hounds proved that they will soon be a force in the league. Not only will the Hounds have to deal with the loss of Caira, but also Brian Meade, Darren White, Novar Whitworth, Jason Calla, Mike Taverna, and Brian Jacobs. Although the skill and presence of the seniors will be greatly missed, the greyhounds look forward to a successful season next year.

The lady Greyhounds enjoyed an amazing season, finishing with an overall record of 17-4. The ladies rebounded from a devastating loss in the Northeast-10 Tournament to archival Bentley College by defeating East Strasburg State University and Longwood College, earning them the ECAC Championship Title. The team was lead by seniors Julie Lane, Kerri Desto, Anne Mingolelli, Angela Corby, and Megan-Sioux Moody. In addition to achieving success as a team, the Hounds took the opportunity to shine as individuals. Captain Anne Mingolelli became the leading point scorer in Assumption College history (92), while Captain Julie Lane was named not only the MVP of the ECAC Tournament, but All American for the third consecutive year. Captain Kerri Desto and Junior Melissa Shamgochian joined Lane as All-Americans. Angela Corby was joined by sophomores Tracie Andrew, Amy DuBois, Stephanie Fleming, and Heather Schlesinger as members of the NFHCA National Academic Squad.

The Hounds have been legitimate contenders for division titles and have been nationally ranked, a magnificent accomplishment. Anne Mingolelli's words capture the essence of the season: "It was one of the best times in my life- I wish I could do it all over again."

# Spring Break Immersions

Each Spring Break Pastoral Activities offers students the opportunity to participate in a special type of service. Two Immersion Programs take place in Philadelphia and Lansdale, Pennsylvania and are hosted by the Religious of the Assumption Sisters. Students volunteer in soup kitchens, homeless shelters, nursing homes, schools, and drug rehabilitation centers. Meeting new people, touring the city, and sharing reflection all combine to make this week a very memorable one.

In the past two years campus minister, Monica Shea, has organized the Baltimore Immersion program. This group works with Habitat for Humanity in an effort to reduce homelessness and provide a greater sense of social awareness. Students live in the local parish and spend their days working hard gutting out houses and preparing for the next step of the remodeling process. The groups always return exhausted, but nonetheless with a great feeling of accomplishment.

In the spring of 1997, a group of Assumption students and administrators traveled to New York City. While there the volunteers did service projects which included working at a soup kitchen for homeless people. The Immersion group also was able to go sight-seeing, meet new people and share in a great, Christian experience.

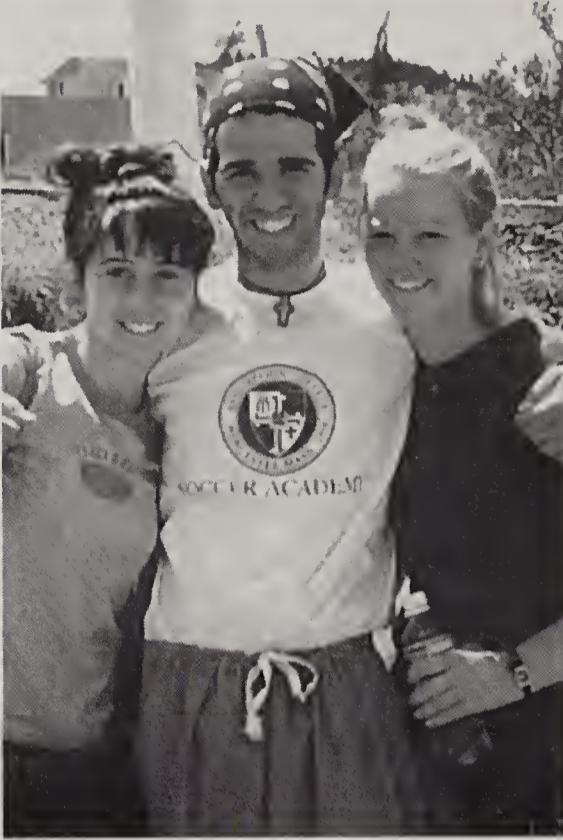

# The Mexico Mission

The Mexico Mission, founded by Sr. Cecilia Hervas in 1986 is one of the most powerful expressions of faith and friendship available at the college. Jamie Eaton best described the mission in her poem~

## Viva Mexico

*I got a letter from God one day. He sent it to my heart. It was an invitation to a mission. He wanted me to be a part. We started with some people that we'd only known for days. We never thought we'd know them in so many different ways. Some of us knew the language and others not a word. But we learned to speak and listen without a sound being heard. Our bodies worked and struggled to accomplish daily tasks. We didn't even realize how many hours had passed. The children of the villages found their way into our hearts. We'll see their faces every night and when each morning starts. The people have taught us lessons that we'd never learn in class. The footprints they've left on our hearts are sure to always last. So we leave a land we've come to love and although people come and go, in our hearts we'll always say, "Viva Mexico!"*

# Puerto Rico & Nicaragua Missions

The Nicaragua Mission was created last year by Sr. Nuala Cotter, Sr. Chabela, and Dr. Corrigan in order to help a people whose land was devastated by Hurricane Mitch. Students were exposed to a very different life where simplicity and faith were key components for the natives' survival. This program has grown more popular, especially for foreign language majors.

Josh Mendel ('98) and Loralyn Christian ('97) were the first to bring a group of students to Puerto Rico. During their two-week stay the group worked in an inner city parish. Their tasks included volunteering at a day camp and helping to rebuild a church.

# Thank You!

Joe,

The entire *Heights* staff wants to thank you for all of the hardwork and effort that you have put into this book! Without you it would have never been possible.

We also want to thank you on behalf of our entire class. Over the past four years you have been more than just an advisor to many. You are a mentor and a friend. We want to thank you for your dedication to our class and ensuring that we all had a great experience at Assumption. Thanks for everything.

We will miss you!

## *Remember...*

Remember the first day of the first year of the first time in your life you  
started your journey to getting old...

Remember the roommates, the fears, the tears, the nerves... setting up the room, taking it apart,  
and then rearranging it all over again...

Remember the first person you caught your eye, that same person who as a senior you,  
still remember as your first college crush...

Remember attempting to stay in touch with your high school friends and succeeding,  
until you realized what a phone bill REALLY meant...

Remember promising to never change, but then realizing that's an impossible promise  
to keep when high school has passed and you've moved on...

Remember those first friends you shared your fears with, who soon became acquaintances...

Remember those neighbors and classmates who ended up being your closest friends...

Remember holding back the tears on those days when you just wanted  
to be home again, to feel safe again...

Remember those days you couldn't relate to ANYONE, you felt you had no place,  
and just calling home would make it worse...

Remember those drunken nights when the times you shared with your friends  
will forever hold a place in your memory and your heart...

Remember those bonding nights, when you never felt closer to a person,  
and how the closeness creates bonds that never die...

Remember how you never realized the importance of family until you didn't see them everyday...

Remember telling friends your deepest secrets, and knowing they would remain secrets...

Remember the craziness of the dorm, getting sudden bursts of energy,  
and looking for people, even total strangers to harass...

Remember pulling all-nighters, and never thinking they were as bad as  
they sounded until you actually lived through one...

Remember those nights you were so drunk, you held conversations with strangers  
and seeing those strangers the next day... and remembering...

Remember how those strangers soon became familiar faces and someone to chat with...

Remember hangovers, and promising yourself you were never going to do this to yourself again...

Remember how quickly that promise was broken...

Remember when your closet stretched throughout the whole apartment,  
and you never had to worry about a lack of clothes...

Remember how over breaks you had the chance to step back and really see the friends  
you made and the memories you shared, and you were satisfied...

remember thinking HOW MUCH your life had changed in just months...

Remember to never lose touch with those friends you've made here at college,  
because you have all changed and grown enormously together...

That is something that is very sacred to be shared...

Remember to love your friends, whether they come or go, love you or hurt you...

Never let anyone go...

Remember you are only here for a short while... The time flies before you realize it...

So make it last, make it memorable, make it the best time of your life,  
and carry the best memories with you for the rest of your days...

Remember to never let a day go by without living it to the fullest...

Remember to never let a day go by without a laugh...

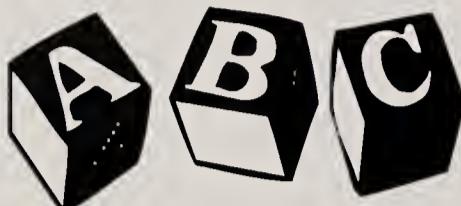

Remember to love the ones you love, life doesn't last forever...

Remember the laughs... Let them echo in the back of your mind...

You thought your sports career was over after Winthrop High School but, you got to play College Football for three years, a sport you really only had time to play your senior year in High School. What an exciting way to finish off the last football game of the season and of your career. Catching a pass for the winning touchdown with only one minute left in the game!! The game ball will always remind you of that wonderful moment. I can't even begin to tell you how very proud Dad and I are of you!

## Elizabeth Whelan:

Congratulations Elizabeth for your completion of four years at Assumption College; this from a little five year old who would not get on the school bus her first day of kindergarten! But when you finally got started on that first day your work, spirit and accomplishments have made us proud!

We have watched you grow into a young woman who has set many goals.

We have watched you change through these years, on your journey. This journey taking you through different schools, accumulating many different relationships with teachers, teammates, and classmates. With these relationships you have earned respect, admiration, and love!

Your educational achievements have only been a part of your accomplishments! You have grown into a beautiful and gentle human being, with a great sense of humor!

You are a trusting and loyal friend, you are a loving and devoted sister, you are a cherished granddaughter, and you are a constant joy to two most proud parents!

Congratulations Elizabeth Ann

Love, Mom, Dad, Patty and Mary

without leaving some mark forever."**

**To all my friends this year, new and old:**  
Thank you for the many good times,  
and for the support during the rough times.  
This year has been full of "twists and bends,"  
but we have all grown together because of them.  
I am looking forward to one more year of it all  
together!

**To Jenny, Ryan, Allison, Jamie, and Melissa:**  
You have done a wonderful job with the yearbook,  
and I will miss working with all of you next year.  
Thank you for all your help, and good luck in the  
future!

**To the seniors at the ASC, especially Meredith, in  
my Natural Science classes, especially Christina,

"I used to think that  
I'd look back on us  
crying and laugh,  
but never thought I'd  
look back on us  
laughing and cry."

-Unknown

Allison, Daria, Jamie, Jenny, and Julie -

Thanks for laughing with me during the good times; for crying with me during the bad times; and for simply being there all the time. We were certainly a motley crew, but we made it! I love you all!

Christine -

Thank you so much for everything you've done! Best of luck next year!

To the Class of 2000 -  
Best wishes for happy, healthy, and successful futures!

**"The Road Not Taken"**

- Robert Frost

Two roads diverged in a yellow wood,  
And sorry I could not travel both  
And be one traveler, long I stood  
And looked down one as far as I could  
To where it bent in the undergrowth;  
Then took the other, as just as fair,  
And having perhaps the better claim,  
Because it was grassy and wanted wear;  
Though as for that the passing there  
Had worn them really about the same,  
And both that morning equally lay  
In leaves no step had trodden black.  
Oh, I kept the first for another day!  
Yet knowing how way leads on to way,  
I doubted if I should ever come back.  
I shall be telling this with a sigh  
Somewhere ages and ages hence:  
Two roads diverged in a wood, and I -  
I took the one less traveled by,  
And that has made all the difference.

First and foremost, I want to thank my *extremely* dedicated staff, who spent countless hours taking pictures and running from mice in the basement of the campus center-- without you, this yearbook would not have been possible. *Ry* and *Al*...I couldn't have done it without you! You guys did an amazing job! Thank you!!

*Christine*-- you did an fantastic job and I know that you will be a great editor next year..it was a blast working with you! Thanks for all of your help!

*Kiki and Meggie*..I never would have finished the sports section without you guys...you did a fantastic job! You both put in huge amounts of time and effort!

Thank you so much...who cares if people think that you two are stalkers?

*Joe*...thanks for everything this year, especially for listening to me complain. You were always there when we needed you!

*Carmella*...thanks for working out all the kinks and dealing with me when I was ready to throw these computers out the window

*6D*..girls, you know I love you! Thanks for 2 awesome years. You guys are my best friends, my sisters. Thanks for *ALWAYS* being there for me. I'll never forget the times we shared! *225*...you are the best, thanks for putting up with me for 4 years!

To *my family*..thank you for your constant support and love. We did it together...Thanks Mom!

To the *Class of 2000*... Best of Luck and Congratulations! I hope you enjoy this book because it is for all of you! I wish you all the best and hope that you all find happiness in all of your endeavors!

*Jenny Lynch*
